

Krista Gendron

Krista is in her sixth year of being a governor at Etonbury and is currently a Co-Opted Governor, having been a parent governor for 4 years prior. Both her children attended the school, including one who was in the first round of KS4 offered at the school. She has lived in Stotfold for the past seven years and currently works in Communications. Krista has a keen interest in education and has previously directed a non-profit organisation which promoted Science and Technology to children. She has run her own business on two occasions, firstly inventing a baby product that was distributed globally and secondly building her own professional face painting business. She holds a BSc in Biology. As a Governor she is committed to ensuring that Etonbury continues on its path of success.
