

ETA Supporting Home Learning

What if my child is self-isolating due to COVID ?

We are sorry to hear your child is having to self-isolate due to COVID-19. However if they are well enough to complete work Etonbury teachers have provided tasks for them on 'Google Classroom' that complement their curriculum. Please follow the instructions below to access the work:

- **Year 5 and Year 6** students should access their usual classrooms where they will find work for the week.
- **Year 7** should use the code [e4s67xr](#) and access instructions and work for the week
- **Year 8** should use the code [r2jvdfu](#) and access instructions and work for the week
- **Year 9** should use the code [zyvf7fg](#) and access instructions and work for the week
- **Year 10 and 11** will find work on their usual subject google classrooms or alternatively they can access the ETA KS4 revision website

We look forward to seeing them when they return to school, any questions please direct these via email to your child's form tutor.
