Living Things

Dear Parent/Carer,

Theatre Shows for Year 6

On Friday 8th June we are inviting the Quantum Theatre Company in to deliver a play called "Journey to the Bottom of the Garden". It is about living things and their habitats, sections of the science curriculum.

To help fund these sessions we are asking for a £1.00 contribution. This can be paid to the school in cash. Please send it in with your child, who can hand it in to their form tutor in a named envelope marked 'Theatre Shows'.

This is an exciting endeavour for the school and we really hope that the children enjoy it.

Yours sincerely,

Mrs T McGuire
Head of Key Stage 2

Mr P Downes
Head of Science
