VR - Ancient Greece

VR - Ancient Greek Art

RE

What does it mean if Christians believe God is holy and loving?

Geography/History

Ancient Greece

a study of Greek life and achievements and their influence on the western world

Science

Properties of materials

Skills

3. to identify, group and select materials using properties and behaviours that can be tested, and identify and group living things using observable features and other characteristics

4. to investigate what happens when materials are mixed, and whether and how they can be separated again

Knowledge

compare and group together everyday materials on the basis of their properties, including their hardness, solubility, transparency, conductivity (electrical and thermal), and response to magnets

know that some materials will dissolve in liquid to form a solution, and describe how to recover a substance from a solution

use knowledge of solids, liquids and gases to decide how mixtures might be separated, including through filtering, sieving and evaporating

Maths

Place value

Addition and Subtraction
