Year 10 Art students participated in a watercolor workshop conducted by Artist Becky Ullah. They visited Henlow Perfect Aquatics to photograph Koi fish while examining their textures, shapes, and colors. The students learned various watercolor techniques and created their own Koi fish paintings.

The workshop provided an enriching experience, allowing the students to explore their artistic abilities while gaining a deeper appreciation for the vibrant beauty of Koi fish. Becky Ullah guided the students with expert tips on brushwork and color blending, encouraging them to express their creativity with confidence.
