Why is Etonbury Academy Sixth Form special?

What the students say...

"The best thing is probably the **class sizes**, as you can always get help if you're stuck and you can **easily make friends** with people in your classes – everyone is pretty chill. It makes it a lot easier to get your feet on the ground – you'll really need that."

"I like the **free, fast Chromebooks** so we can complete our work whenever and wherever we choose."

"Etonbury offers a **good range of subjects** which lots of other Sixth Forms don't, such as forensic science and criminology."

"The hours we need to complete independent learning are built into the school day. I enjoy having more control and **freedom with my time.**"

"The teachers are great because they give **loads of support**. They are **vibrant, easy-going people. I love my teachers** because they are **enthusiastic, funny and caring**. They **treat us like adults** and always push us to do our best."

"All the teachers want to see you succeed and I appreciate the lengths teachers go to to **improve your future**. I have a good support network of teachers who give us **helpful resources**. They are always available if you need to talk to them. We get great feedback on our work which allows us to **get better grades.**"

"For any aspiring mathematicians, look no further than the Etonbury **maths department – they truly have the best teachers.**"

"Etonbury Sixth Form offers effective opportunities for learning, such as **interactive teaching and a real sense of freedom**. There is a real balance between having more freedom and the need to do more **independent work.**"

"It feels more like a community that comes together to create **great memories**, rather than another two years of school. The good times I have had at Etonbury Sixth Form are some of my favourite memories."

"It's an easy place to settle in. I joined the school knowing only four people and since then have found friends who will be my **friends for life**. The calm nature of the Sixth Form allows me to feel I have always been here and I would not want to be anywhere else."

"I like the openness of the Sixth Form and being able to interact with other students. Etonbury Sixth Form **feels like a second home** and **I've made good friends with lots of people.**"

"The Sixth Form is treated as a separate part of the school, but we have the opportunity to take on roles that **help the whole school community**, such as helping the younger students in Juniors. I have really enjoyed being able to support the Yr11s with their GCSEs."
