

Friday 19th October 2018

Dear Parents / Carers

As you are aware, students are approaching their Mock GCSEs, which begin on the 19th November. The Science Department would like to suggest some strategies and materials to support with revision.

To get a conclusive idea of students' performance on the exam they will be examined on the full range of modules. Higher and Foundation students will need to revise the following units -

- B1 – You and your genes
- B2 – Keeping healthy
- B3 – Living together – food and ecosystems
- B4 – Using food and controlling growth
- B5 – The human body – staying alive
- C1 – Air and water
- C2 – Chemical patterns
- C3 – Chemicals of the natural environment
- C4 – Material choices
- C5 – Chemical analysis
- C6 – Making useful chemicals
- P1 – Radiation and waves
- P2 - Sustainable energy
- P3 – Electric circuits
- P4 – Explaining motion
- P5 – Radioactive materials

Some useful resources to support with revision are linked below:

Kerboodle :

All students have access to Kerboodle, which includes an online textbook and other useful resources. If students have forgotten their log-in details, they should speak to their Science teacher.

Kind Regards,

A handwritten signature in black ink, appearing to read 'M. Evans and P. Downes', written in a cursive style.
