Dear

What better way to start 2018 than to swim, get fit, boost morale, AND raise money for Charity?

The Swimathon 2018 and how it works: Splash for cash!

Held by kind permission of the Saxon Pool, The Rotary Club of Biggleswade organises the event, provides Stewards to count the team lengths swum, and for each swimmer, provides a Commemorative Certificate.

**Every swimmers family has a chance to win the use
of a luxury car, for a week-end, provided by Event Sponsors Norton Way**

You enter a team of up to six swimmers. Using only one team member to swim at a time - in relay fashion - the team have 50 minutes to swim as many lengths as they can. (Each swimmer can take part in the team effort several times over within the 50 minutes)

Each member of your team needs to find sponsorship. The money raised is split 50/50. Your team sends half of their money raised to a good cause of their choice, and half is given to the Rotary Club of Biggleswade to pass on to good causes of their choosing.

With our Rotary's share in the past we've helped the local Air Ambulance, local Hospices, and helped fund international disaster relief appeals.

Take part in Swimathon 2018 and make someone smile with your contribution.

If you have taken part in a previous Swimathon, you know just how much the Charities, and other deserving causes, appreciate your efforts in fundraising for them.

This year we have included the option for eligible sponsors to Gift Aid their sponsorship. This will enable us and any other registered charities or Community Amateur Sports Clubs (CASC) benefitting from the monies raised to claim an additional 25% from the government. If your chosen good cause is a registered charity or CASC then you should send a copy of the completed sponsor forms to them as well as sending the original to us.

Our Swimathons are hugely successful, so what are you waiting for? Book your team into the event NOW - without delay!

Simply email me to request a team entry form, together with a sponsorship form for each of your team swimmers.

Please email me now,
