

Friday 1 March 2019

Dear Year 8 Parents and Carers,

Following on from the letter in the autumn term I would like to update you on your child's curriculum as they progress into Year 9. The Year 9 curriculum will see a continuation of all subjects offered during Year 8 alongside the introduction of new subjects for your child to consider.

The Year 9 curriculum will be based on a hybrid model, with core subjects English, mathematics and science beginning to deliver GCSE 9-1 content, and non-core subjects continuing a KS3 curriculum.

Your child now has the opportunity to refine aspects of their learning and select from the options below, to begin in Year 9. It must be stressed that this selection process **is not** to determine GCSE options, this process will take place during Year 9. As stated in the presentation given to your child, this process is to offer your child more of the lessons they want to be in, ultimately preparing them for KS4.

Please indicate your child's preferences from the options below by writing them in the box provided and return to your child's form tutor no later than **Monday 11 March**.

Kind Regards,

Mr R Baga  
Assistant Principal
