

Dear Parents/Carers,

After **May half term** as part of PSHCE lessons, pupils will be receiving their Relationships and Sex education lessons.

They will cover information on:

- Understanding what makes a healthy relationship.
- What the expectations might be of having a girlfriend/boyfriend.
- To consider different levels of intimacy and their consequences.
- To understand the nature and importance of marriage, civil partnerships and other stable, long-term relationships for family life and bringing up children.
- To consider the issues surrounding readiness for sex and the benefits of delaying sex.
- To understand the law in relation to consent (including the legal age of consent for sexual activity).
- To know what contraception is and how it acts as protection against pregnancy and a barrier to some STI's. They will also see examples of contraception, this will also involve a condom demonstration by the teacher in class.

We find that these sessions are further enhanced when parents follow them up at home.

Parents have a statutory right to withdraw their child from these lessons. Please indicate on the slip below if you would like to withdraw your child from these lessons.

If you have any further questions or concerns please contact me
