

Dear Parents and Carers,

Adobe Creative Cloud software offer to students

We have negotiated an advantageous rate for students to download and install the components of Adobe Creative Cloud on their own Microsoft Windows or Apple Mac OSX computers. This is most relevant to students of subjects where Adobe CC is fundamental tool, however, we are offering it to all students that wish to take advantage of it.

Creative Cloud comprises the latest versions of software your child(ren) may already be using on school computers such as Photoshop, Lightroom, Illustrator, InDesign, PremierePro, Dreamweaver and more. Please see the whole software compendium being offered visiting this webpage

<http://www.adobe.com/uk/creativecloud/catalog/desktop.html> You would have rights to install as many or as few components as you need on one machine for each subscription. Please note, however, that the school is not able to provide installation services for the software and cannot take any responsibility for issues caused by installing the software. All support issues must be taken up with Adobe directly for the software and your usual service provider for hardware.

The offer is on an annual subscription basis and provides the software for £27.50 per year per installed device which compares with £185.90 per year when subscribing to Adobe directly.

This not a mandatory offering, it is optional but we feel it would aid your child in achieving the best possible outcomes from their course(s).

Please complete the form on this link <https://goo.gl/forms/UIXLyHWomHCramMu2> to confirm your interest.

This offer is open to opt into by completing the form until Friday 10th March. Payment of £27.50 for the first year of subscription and the signed confirmation of the information you entered in the form, must be received by Friday 17th March. Software will be available for installation from Wednesday 22nd March, providing payment has been made and signed information form received. You will be able to pay for the software using our new online payment facility, ParentMail+, communicated elsewhere.

Yours sincerely

Mr R Baga
