

18 December 2020

Dear Year 6 Parents/Carers

Following our **recent Mock SATs**, we conducted a thorough Question Level Analysis which clearly indicated to us those areas of the upper key stage 2 curriculum our pupils were confident in and those areas which they continue to find challenging - Areas for Development.

As a means of supporting your **home learning**, we have enclosed copies of those **Areas for Development** in all three disciplines - Reading, Grammar & Punctuation and Maths. Please take time to look through these with your child/ren focussing particularly on the Amber (A) targets - objectives they are very close to achieving.

In the New Year, each of the maths objectives will be supported via a resource document which will include **direct links to videos** that have clear teaching sequences for each item. We will notify you once this is 'live'.

Rather than waiting until later in the academic year, we are also making available to you at the cost price of £8 for a **Study Book Bundle** of Revision Guides from CGP Publications (£15 if you buy direct from them). You will be receiving a notification today via ParentMail asking if you'd like to order a set, in time for when pupils return to school in the New Year. Perfect for learning at home, they can help your child continue to build their confidence and key skills. Closing date for orders will be Friday 8 January 2021.

If you have any questions about any of the above, please message me on ETA-Primary@bestacademies.org.uk.

Kind regards

Mrs L Whittle
