

Dear Parent/Carer,

I would firstly like to wish you a happy new year and I hope that you managed to get some of a break over the Winter break.

As we are well aware COVID 19 is not looking like it is going anywhere soon, and although the schools are closed, we have organised community clinics in your local areas to be able to continue vaccinating and protecting your children against Diphtheria/Tetanus/Polio and Meningitis. These are still very important vaccinations for your child. Please find the details of these vaccinations [Men ACWY Leaflet](#) and [NHS Choices Men ACWY page](#); [Secondary School Vaccinations Leaflet](#) and [NHS Choices 3 in 1 booster](#)

You may have had your child's vaccination session cancelled at the start of the first lockdown, or your child was absent/unwell on the day of the vaccination session at school.

We are in the process of actively calling every parent whose child has a consent form with us and are due their vaccinations and booking in to our community clinics, however we would also urge you to contact the team on the following contact number to book into a community clinic.

We would also ask you to contact the team if you did not return a consent form and would like to book into a community clinic, please contact the team on **0300 790 0594** to book an appointment

Kindest Regards

Becky Twist

Clinical Delivery Manager
